Milestone 3 complete | Professional Services Agreement | July 25, 2026

**Reference: Professional Services Agreement, executed July 16, 2026. The acceptance period for this delivery begins on the date this notice is transmitted to HGF; the transmittal email records that date.**

## What is delivered

---

The secure investor portal, the final element of Milestone 3, is built, tested, and live. The portal implements your approved split of July 24, 2026 exactly: all of Chapter 2, together with sections 3.3, 4.1, 4.4, 5.5, 7.3, 7.4, 8.1, 8.3, and 8.4 of the Investor Guide, sits behind an access phrase, encrypted so the content is unreadable without it. The access phrase is transmitted to you separately, never in writing alongside this notice, and you provide it to capital partners under review; it can be changed at any time on request. The portal is at [https://raw.githubusercontent.com/Obviouslyobvi/Insite/master/05\\_WEBSITE/portal.html](https://raw.githubusercontent.com/Obviouslyobvi/Insite/master/05_WEBSITE/portal.html) and the wrong-phrase and correct-phrase behaviors were both tested on desktop and mobile widths before this notice issued.

Alongside the portal, the Investor Guide now exists in a Public Edition, identical to the full guide except that each portal-designated section is replaced by a pointer to the portal, so nothing confidential rides on the open link. The investors page now presents the Public Edition and the portal login together, and the full-guide link has been retired from public surfaces.

## One consistency item for your confirmation

---

Your July 24 decision placed all of Chapter 2, including the target pricing in 2.5, behind the portal. The frequently-asked-questions chapter repeated that target pricing publicly in its yield answer, so the same treatment was applied there: the yield question now answers publicly that pricing is set at term sheet, with the target detail behind the portal. This applies your own decision consistently; if you want the yield answer public after all, one word reverses it.

## Milestone 3 status

---

With this delivery, every element of Milestone 3 is complete: the Investor Guide, the investor marketing material, the Tax-Equivalent Yield Calculator accepted July 25 as delivered, and the secure portal. The two bond counsel gates inside the guide remain reserved by design, as accepted in the July delivery memorandum, and fill in at no charge on counsel's determinations. The acceptance period for this notice runs five calendar days from transmittal, and payment for accepted milestones is due within ten business days after acceptance under the agreement.

*INSITE™ is a pre-launch program concept administered by HGF Management Company. This material is not an offer of financing, legal advice, or investment advice. Program structure, eligibility, costs, and pricing are subject to issuer approval, bond counsel review, and program underwriting. Figures identified as targets or estimates are the founder's working numbers, not commitments.*
