

INS-201 · DEVELOPER DATA PACKAGE CHECKLIST

The complete submission required before an appraisal assignment is initiated | HGF Management Company | Form v1.1 | July 24, 2026

INSITE™ Development Impact Fee Financing Program

The complete submission required before an appraisal assignment is initiated.

Program Administrator: HGF Management Company | July 2026 | Form version 1.0

Project information (applicant completes)

Field	Entry
Project name	
Jurisdiction (city / county)	
Number of lots / units	
Assessor's Parcel Numbers (count)	
Developer / property owner	
Contact name, phone, email	
Date submitted	

How to submit

Provide each document as a separate PDF named by its item number and the project name (example: E.1_Preliminary-Title-Report_Oakcrest.pdf). Submit the package complete; the Program Administrator confirms completeness before any appraisal assignment is issued, and incomplete packages are returned with the missing items identified. Any material change after submission must be disclosed promptly to the Program Administrator and the appraiser. Items marked "if applicable" or "if available" may be omitted with a brief note in the Comments column.

Eligibility snapshot

Residential subdivisions of 1 to 50 lots in participating California jurisdictions. Financing supports eligible development impact fees and public improvement obligations. Program underwriting caps the financing at 25 percent of appraised value. Minimum financing size is determined during feasibility screening. School fees are excluded from program financing at launch; the school fee schedule is still collected below because it is part of the total tax-burden analysis.

Why each section exists

This package is the foundation of the appraisal (performed under the program's appraisal manual, INS-101) and of underwriting. Sections E.1 through E.3 establish what the property is and what has been approved; E.4 and E.5 establish what it costs to finish and what the public charges are; E.6 and E.7 establish what could restrict development; E.8 and E.9 support the value analysis; E.10 is the developer's certification.

E.1 Property ownership and title information

Required document	Provided	Comments
Current preliminary title report	☐	
Vesting information	☐	
Assessor's Parcel Number list	☐	
Legal description	☐	
Recorded easements	☐	
Existing liens	☐	
Existing assessments	☐	
Existing community facilities districts	☐	

E.2 Subdivision and entitlement documents

Required document	Provided	Comments
Tentative map	☐	
Final map	☐	
Recorded subdivision map	☐	
Parcel map	☐	
Lot schedule	☐	
Entitlement approvals	☐	
Conditions of approval	☐	

E.3 Engineering and improvement plans

Required document	Provided	Comments
Site plan	☐	
Grading plan	☐	
Utility plan	☐	
Improvement plans	☐	
Storm drain plan	☐	
Water plan	☐	
Sewer plan	☐	
Street improvement plans	☐	

E.4 Development cost information

Required document	Provided	Comments
Development budget	☐	
Engineer's cost estimate	☐	
Public improvement cost estimate	☐	
Remaining development costs	☐	

E.5 Public fee information

Required document	Provided	Comments
Development impact fee schedule	☐	
School fee schedule (collected for burden analysis; school fees are not financed at launch)	☐	
Utility connection fees	☐	
Park fees	☐	
Traffic impact fees	☐	
Other public agency fees	☐
